

Reclaimed Wood Table – Components and Materials

Component	Material	Dimensions	Quantity	Notes
Reclaimed Wood Boards	Oak, Pine, Barn Wood, or Pallet Wood	1–2” thick	Enough for tabletop	Ensure boards are straight and clean
Table Frame	Pine, Oak, or 2×4 Lumber	—	Legs + Aprons	Supports tabletop
Screws	2–3” wood screws	—	16–20	Pre-drill to prevent splitting
Wood Glue	Exterior or Interior Grade	—	—	Optional for extra stability
Sandpaper	80, 120, 180, 220 grit	—	—	For smooth finishing
Finish	Polyurethane, Oil, or Wax	—	—	Protects wood and enhances grain
Clamps	—	—	—	Keeps boards tight during assembly
